2024 · WHAT ISSUES SHOULD I CONSIDER WHEN OWNING A RENTAL PROPERTY?

DLORD RESPONSIBILITY ISSUES	YES	NO	RISK MANAGEMENT & LIABILITY ISSUES (CONTINUED)
you need to plan for any tenant-related issues? If so, nsider your own personal limitations regarding tenant anagement (e.g., stress, confrontations, evictions, late payments, reening and onboarding, etc.) and determine whether you ed third-party management.			Do you need to review additional ways to increase your liability protection? If so, consider maintaining adequate liability coverage through a personal liability umbrella policy. Furthermore consider requiring tenants to carry and maintain renter's insurance as part of the lease agreement. Depending on your situation,
o you need to review any personal time management issues elated to owning a rental property? If so, consider the following: Understand the degree of time management that may be required when owning a rental property, and how that might differ between short-term and long-term rental properties. Be cognizant of how other priorities for your time may affect your ability to manage your rental property, and anticipate any potential challenges that may arise as a result (e.g., frustrated tenants, slow responses to tenant requests, delayed repairs, poor reviews, etc.). Consider your own limitations around assessing damages and performing repairs, and determine whether you will need to hire outside help. o you need to check whether your property is compliant			 consider purchasing supplemental coverage for any additional needs (e.g., vandalism, burglary, under-construction protection, et Do you need to review the pros and cons of putting your rental property in an LLC? If so, consider the following: Putting your rental property(s) in an LLC (or multiple LLCs, for separating rental properties from each other) may separate it from your personal assets in the event of a lawsuit, but it does come with further responsibilities (e.g., annual fees, additional tax filing requirements, etc.). Make sure you notify your mortgage lender (if applicable) of your plans to put the property in an LLC. Many lenders charge a higher interest rate for investment properties and may require amendments to your current mortgage contract. In some situations, you may not be able to put your property in an LLC.
current laws and regulations? If so, consider reviewing local/state zoning ordinances, building codes, record-keeping irements, and any other regulations (such as rental assistance			INVESTMENT ISSUES
rograms) that may apply. SK MANAGEMENT & LIABILITY ISSUES	YES	ΝΟ	 Do you need to review any cash flow issues regarding your rental property? If so, consider the following: Determine whether your rental income alone is adequate for covering all related rental property expenses, not including
Po you need to review your homeowners and/or landlord Insurance for your rental property? If so, consider the following: Be aware of the differences in coverage between homeowners insurance and landlord insurance, and how they apply to your situation. You may need to carry both types if you both personally use and rent out your property. Check that your homeowners insurance policy is up-to-date and covers 100% of the replacement cost of the property. Check that your landlord insurance policy has adequate coverage for both property and liability. (continue on next column)			 depreciation. Consider keeping a separate emergency fund to cover any unexpected expenses or disruptions to rental income (e.g., repairs, tenant vacancies, pandemics, etc.). Do you need to review how your rental property sits within your overall investment allocation? If so, consider what percentage of your net worth is composed of your rental property(s). Be mindful of how this affects your overall diversification relative to your risk tolerance and investment goals. (continue on next page)

2024 · WHAT ISSUES SHOULD I CONSIDER WHEN OWNING A RENTAL PROPERTY?

INVESTMENT ISSUES (CONTINUED)	YES	NO	TAX & SALE ISSUES (CONTINUED)
 Do you need to review your rental property's return on investment (ROI)? If so, consider adopting a thorough approach to how you calculate your ROI. Be sure to factor in all expenses (e.g., mortgage interest, insurance, repairs, fees, etc.) and potential vacancies when evaluating its annual performance. Do you need to review the amount you are charging for your rental property? If so, consider your location's proximity to other local attractions (e.g., schools, entertainment, restaurants, etc.) and be mindful of the current pricing of other similar rental properties in your area. 			 Do you plan to sell your rental property? If so, consider the following: Any depreciation taken will be recaptured as ordinary incor to a 25% tax rate. Be mindful of this when preparing to pay your tax liability. If your rental property was previously your principal resider and you still meet the ownership and usage test requireme (generally, 2-out-of-5 years), you might consider selling the property while still eligible for the capital gains exclusion (u \$250,000 Single/\$500,000 MFJ). If you plan to purchase an additional rental property, and if
TAX & SALE ISSUES > Do you need to review any tax issues related to your rental	YES	NO	makes sense for your financial situation, you might conside deferring capital gains taxes and depreciation recapture by utilizing a Section 1031 exchange. However, be mindful of t rules and requirements surrounding Section 1031 exchange
 income and expenses? If so, consider the following: Be cognizant of the different classifications your property may fall under (e.g., personal use, mixed use, rental property, passive 			ESTATE PLANNING ISSUES
 activity, non-passive activity, etc.) and how that affects taxation. See the "Is My Rental Property Tax Deductible?" flowchart. Ensure that you are appropriately deducting all eligible rental expenses that may apply to your situation (e.g., mortgage interest, property taxes, depreciation, repairs, insurance, HOA fees, legal fees, etc.), and that you are taking advantage of any tax deductions that may apply (e.g., special \$25,000 passive 			Do you need to review the benefits of utilizing a rental property as an inheritance tool? If so, consider the tax saving your heirs might enjoy due to a step-up in cost basis, and how that might complement their financial situation. Furthermore, a depreciation you enjoyed while alive will not be recaptured if your heirs decide to sell the rental property.
activity loss allowance, Section 199A QBI deduction, etc.). (continue on next column)			 Do you need to review any issues your heirs may encounter by inheriting a rental property? If so, consider the following: If your rental property makes up a large portion of your estat your heirs may be stuck with an illiquid-estate issue. Be mind of how this may affect their ability to pay any estate taxes or debts owed, and have a plan to address this potential challer Be cognizant of any potential disagreements among heirs on what to do with the property (e.g., keep, sell, buy out, etc.), ar any financial and emotional hardships that may arise as a rest
			Are you concerned about your rental property being subject to probate (or ancillary probate, if in another state)? If so, consider putting the rental property in a revocable living trust i you wish to avoid probate.
